CJN CRIMINAL
JUSTICE
NETWORK

Meetings

The Criminal Justice Network conducts three forums per year from which alliances and projects then arise.

The Directors of the UnitingCare Centre for Social Justice and Queensland Council of Social Services Co-Chair the Network.

Members

Members of the Criminal Justice Network include:

- INCorrections Coalition (a coalition of organisations working together around issues of incarceration and release for the benefit and safety of the whole community)
- People with lived experience and others who wish to pursue the agreed purpose of the network and
- Other organisations wishing to pursue the agreed purpose of the network.

Purpose

The Criminal Justice Network is informed by the voices of people with lived experience.

The Network exists to link individuals and groups committed to pursuing the rights and wellbeing of people marginalised by the criminal Justice system.

The Network's Process

In deciding whether possible projects, advocacy and research initiatives will be pursued by the Criminal Justice Network three questions are asked.

- Is the idea/initiative consistent with the purpose of the Criminal Justice Network?
- Is there a more appropriate forum/group/organisation to pursue this?
- Do Criminal Justice Network members have an interest in this?
